

SIGNATURE COCKTAILS

Uziza Lime
(cachaça, lime, uziza liquor)
9

Fermented sugarcane juice spirit meets pepperiness of uziza leaves - traditionally used in soups; happily married with fresh lime and little bit of banana sweetness

Sapele Water
(Ògógóró, black tea, elderflower)
9

Named after a Nigerian slang expression for moonshine. Much better in taste, but still packs a punch. Junipers from palm wine spirit get a warm hug from black tea essence and a piggyback from sweetened elderflower

Dubonnet Negroni
(gin, Dubonnet, uda, date)
9

Our variation on the classic aperitif cocktail. Vermouth makes space for Dubonnet (one of Queen Elizabeth's II favourites) to give you a daily dose of quinine. Spiciness of uda pepper and the smoothness of date puree compliment the drink.
